Measurement of ionizing radiations emitted by the test sample	Complies
EN 71-12:2013: N-nitrosamines and N-nitrosable substances	Complies

Note: In no way the present report or part of it can be reproduced or modified. Sampling performed by the customer. The results are exclusively referred to the samples tested.

Conclusions are expressed with exclusive reference to parts detailed in each Test Reports and based on limits there specified.

This report has the scope to resume results of tests required and performed on the toy. This report is not a statement of the compliance of the product to all applicable legislations nor the result of an EC type examination conducted according to Safe of Toys Directive. CE marking shall be applied on the product only when all requirements of the previously mentioned Directive and of all other applicable Directives that require the EC marking are fulfilled. At the same conditions the EC Declaration of Conformity can be produced. The product shall be marketed only in compliance with all applicable legislations.
